CAREER OBJECTIVE

Final-year engineering student specializing in Computer Science and Business Systems (CSBS) with a strong foundation in java full-stack development. Seeking an entry-level opportunity to apply technical skills, problem-solving abilities, and continuous learning in a growth-oriented organization.

EDUCATION

B.Tech in Computer Science and Business Systems

Panimalar Engineering College, Chennai | CGPA: 7.9/10 — 2023 - 2027

Higher Secondary Certificate (Class XII)

Bharathidasan Matriculation Higher Secondary School, Kanchipuram | Percentage: 81% — 2022 - 2023

Secondary School Certificate (Class X)

Bharathidasan Matriculation Higher Secondary School, Kanchipuram | Percentage: 85% — 2020 - 2021

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Web Technologies: HTML5, CSS3

Frameworks: Spring, Spring Boot

Database: MySQL, PostgreSQL

Tools and Platforms: Git, GitHub, VS Code, Eclipse, IntelliJ IDEA

PROJECTS

Security Dashboard for Log Analysis

- Developed a security dashboard to analyze web server logs, monitor suspicious IP activity, and automatically assess and classify potential security threats based on risk scores.
- Implemented interactive data visualizations, including threat distribution charts, risk-score analysis, and searchable/filterable IP activity tables, enabling efficient security monitoring and threat analysis.

Cryptocurrency Tracker

- Developed a cryptocurrency tracking web application using the CoinGecko API to fetch and display real-time market data, enabling users to search and explore detailed information on multiple cryptocurrencies.
- Implemented interactive price-trend charts and market analytics, including market capitalization, 24-hour high/low prices, and global rankings, providing comprehensive cryptocurrency insights.

INTERNSHIP

Java Programming Intern – Vault of Codes — 05th Nov – 05th Dec 2025

- Gained hands-on experience in Java application development using Eclipse IDE.
- Developed a secure ATM Banking System using Core Java and Object-Oriented Programming (OOP) concepts.

CERTIFICATION

- Java Programming - Udemy - 2024
- Technology Job Simulation - Deloitte - 2025
- Programming in Java - NPTEL - 2025
- SQL and Relational Databases - Cognitive Class (IBM) - 2026
